

IDBS is a fast growing specialist software company.

For our new long term QSAR project we are looking to recruit a Software Developer to join our team based at our Head Office in Guildford, Surrey.

Software Developer

The ideal candidate will have good VC++/MFC experience (3-5 years) together with Oracle DB programming. Any knowledge and experience in Drug Design, QSAR, ADME, pharmacophore analysis and virtual screening will be an advantage. Practical experience in much of the commercial modeling software is essential.

Key Skills Required:

VC++/MFC
Oracle
Any other RDBMS

Desired Skills:

QSAR,
ADME (T)
Chemistry and/or Biology or Pharmacology
